

Список специальностей - обучение в гос. вузах на английском языке

Название вуза	Направление/специальность
Университет Палацкого в Оломоуци	Adapted Physical Activity
Технический университет – горный институт в Остраве	Applied and Comercial Electronics
	Biomedical Engenieer
	Biomedical Technology
	Commercial Electrical Engenieering
	Communication Technology
	Computational and Aplied Mathematics
	Computational Mathematics
	Computer Science and Applied Mathematics
	Computer Science and Technology
	Control and Informatics Systems
	Control and Information Systems
	Electric Power Engenieering
	Electronics
	Electronnics and Communication Technology
	Measurement and Control Engenieering
	Mobile Technology
	Technical Cyberetics
	Telecommunication Technology
Технический университет в Брно	Electrical, Electronic, Communication and Control Technology
	Microelectronics and Technology
	Teleinformatics
	Power Electrical and Electronic Engineering
	Electronics and Communication
	Automation and Measurement
	Biomedical and Ecological Engineering
	Microelectronics
	Electronics and Communication
	Electrical Manufacturing and Management
	Communications and Informatics
	Power Electrical Engineering
	Cybernetics, control and Measurements
	Power Electrical and Electronic Engineering

Список специальностей - обучение в гос. вузах на английском языке

	Electrical Engineering and Communication
	Theoretical Electrical Engineering
	Power Electrical and Electronic Engineering
	Electronics and Communications
	Biomedical Electronics and Biocybernetics
	Mathematics in Electrical Engineering
	Physical Electronics and Nanotechnology
	Cybernetics, Control and Measurements
	Microelectronics and Technology
	Teleinformatics
	Macromolecular Chemistry
	Chemistry of Macromolecular Materials
	Physical Chemistry
	Physical Chemistry
	Economics and Management
	European Business and Finance
	Civil Engineering
	General studies
	Constructions and Traffic Structures
	Building Constructions
	Water Management and Water Structures
	Building Material Engineering
	Civil Engineering Management
	Building Constructions
	Physical and Building Materials Engineering
	Structures and Traffic Construction
	Industrial Engineering
	Industrial Engineering
	Факультет изобразительных искусств
	Fine Art - Conceptual Trends
	Fine Art - Graphic Design
	Fine Art – Graphics
	Fine Art - Painting - Free Creation
	Fine Art - Sculpture - Free Creation
	Fine Art - Video - Multimedia - Performance
	Industrial Design

Список специальностей - обучение в гос. вузах на английском языке

Чешский технический университет в Праге	Civil Engineering
	Building Structures
	Biomedical and Clinical Technology
	Computer Aided Design
	Environmental Engineering
	Information and Automation Technology
	Power Engineering and Process Technology
	Theoretical Fundamentals of Mechanical Engineering
	Электротехника и информатика
	Сильноточная электроника
	Электроника и коммуникативная техника
	Кибернетика и измерение
	Вычислительная техника
	Communication, Multimedia and Electronics
	Applied electronics
	Communication Technology
	Multimedia Technology
	Network and Information Technology
	Cybernetics and Robotics
	Robotics
	Sensors and Instrumentation
	Systems and Control
	Electrical Engineering, Power Engineering and Management
	Applied Electronics Engineering
	Electrical Engineering and Management
	Open Informatics
	Hardware Systems
	Computer Science
	Software Systems
	Intelligent Transport Systems
	Biomedical and Clinical Technology
	Biomedical Technician
	Geodesy and Cartography
	Geoinformatics
	Buildings and Environment

Список специальностей - обучение в гос. вузах на английском языке

	Buildings and Environment
	Civil Engineering
	Building Structures
	Computational Engineering in Advanced Design
	Advanced Masters in Stuctural Analysis of Monuments and Historical Constructions
	Intelligent Buildings
	Mechanical Engineering
	Environmental Engineering
	Power Engineering
	Process Engineering
	Transportation and Handling Technology
	Materials Engineering
	Engineering Mechanics and Mechatronics
	Biomedical and Rehabilitation Engineering
	Mathematical Modelling in Engineering.
	Instrumentation and Control Engineering
	Intelligent Buildings
	Electrical Engineering and Informatics
	Computer Science and Engineering
	Cybernetics and Measurments
	Economics and Managemnt of Electrical and Power Engineering
	Electronics
	Electronics
	Telecommunications and Radioengineering
	Communication, Multimedia and Electronics
	Electronics
	Multimedia Technology
	Networks of Electronic Communication
	Wireless Communication
	Robotics
	Senzors and Instrumentation
	Systems and Control
	Electrical Engineering, Power Engineering and

Список специальностей - обучение в гос. вузах на английском языке

	Management
	Economy and Management of Electrical Engineering
	Economy and Management of Power Engineering
	Electrical Machines, Apparatus and Drives
	Electrical Power Engineering
	Technological Systems
	Open Informatics
	Artificial Intelligence
	Hardware Engineering
	Computer Vision and Image Processing
	Computer Graphics and Interaction
	Software Engineering
	Приминение природоведческих наук
	Математическая инженерия
	Инженерская информатика
	Физическая инженерия
	Ядерно-химическая инженерия
	Applications of Software Engineering
	Mathematical Informatics
	Mathematical Engineering
	Applied Mathematical Stochastic Methods
	Mathematical Physics
	Nuclear Engineering
	Diagnostics of Materials
	Dosimetry and Application of Ionising Radiation
	Experimantal Nuclear and Particle Physics
	Physics and Technology of Termonuclear Fusion
	Physics and Technology of Termonuclear Fusion
	Solid State Engineering
	Laser Technology and Electronics
	Optics and Nanostructures
	Nuclear Chemistry
	Архитектура и урбанизм
	Архитектура

Список специальностей - обучение в гос. вузах на английском языке

	Техника и технологии в транспорте и транспортных сетях
	Инженерская информатика в транспорте и транспортных сетях
	Technology in Transportation and Telecommunications
	Intelligent Transport Systems
	Security of Information and Telecommunication Systems
	Biomedical and Clinical Technology
	Appliances and Methods for Biomedicine
	Systematic Integration of Processes in Health Service
	Biomedical Engineering
	Entrepreneurship and Commercial Engineering in Industry
	Entrepreneurship and Management in Industry
Карлов университет в Праге	Медицинский факультет
	Anatomy, Histology and Embryology
	Biodemical informatics
	Bioethics
	Cell Biology and Pathology
	Clinical Biochemistry
	Clinical Oncology and Radiotherapy
	Dentistry
	Experimental Surgery
	Experimental Surgery
	Gerontology
	Gynaecology and Obstetrics
	Human Physiology and Pathophysiology
	Imaging Methods in Medicine
	Immunology
	Internal Medicine
	Medical Biophysics
	Medical Microbiology
	Medical Pharmacology
	Medical Psychology and Psychopathology
	Mikrobiology
	Molecular and Cell Biology, Genetics and Virology
	Neurology and Psychiatry
	Neurosciences
	Orthopaedics
	Otorhinolaryngology
	Ophthalmology
	Paediatrics
	Parasitology
	Pathological Anatomy
	Pathology
	Pharmacology and Toxicology
	Physiology and Pathological Physiology

Список специальностей - обучение в гос. вузах на английском языке

	Preventive Medicine
	Radiology
	Social Medicine
	Surgery
	Гуманитарный факультет
	Anthropology
	Civil Sector Studies
	Environmental Studies
	Gender Studies
	General Anthropology - Integral Study of Man
	Historical Sociology
	Oral History - Contemporary History
	Факультет физкультуры и спорта
	Biomechanics
	Kinanthropology
	Kinanthropology
	Physical Education and Sport
	Physiotherapy
	Sports Management
	Философский факультет
	General Linguistics
	Педагогический факультет
	Choir Conducting Oriented at Education
	English Language
	English Language Oriented at Education
	Music Oriented at Education
	Musical Instrument Oriented at Education
	Philosophy
	Russian Language Oriented at Education
	Special Education
	Training Teachers of General Subjects at Lower and Higher Secondary Schools - English Language
	Training Teachers of General Subjects at Lower and Higher Secondary Schools - Choir Conducting
	Training Teachers of General Subjects at Lower and Higher Secondary Schools - Music
	Training Teachers of General Subjects at Lower and Higher Secondary Schools - Musical Instrument
	Training Teachers of General Subjects at Lower and Higher Secondary Schools - Russian Language
	Природоведческий факультет
	Analytical Chemistry
	Animal Physiology
	Anthropology
	Anthropology and Human Genetics
	Applied Geology

Список специальностей - обучение в гос. вузах на английском языке

	Applied Geology with Specialization
	Biochemistry
	Biology Oriented at Education
	Cartography, Geoinformatics and Remote Sensing
	Chemistry Oriented at Education
	Clinical and Toxicological Analysis
	Demography
	Demography
	Developmental and Cell Biology
	Developmental Biology
	Ecological and Evolutionary Biology
	Ecology
	Education in Chemistry
	Environmental Science
	General Issues in Geography
	Geography and Cartography
	Geography Oriented at Education
	Geology
	Geotechnology
	Immunology
	Inorganic Chemistry
	Macromolecular Chemistry
	Microbiology
	Modeling of Chemical Properties of Nano- and Biostructures
	Molecular Biology and Biochemistry of Organisms
	Organic Chemistry
	Philosophy and History of Science
	Physical Chemistry
	Physical Geography and Geoecology
	Plant Anatomy and Physiology
	Regional and Political Geography
	Regional and Political Geography
	Social Geography and Regional Development
	Social Geography and Regional Development
	Zoology
	Евангелический факультет
	Biblical studies
	Historical Theology and Theology of Religions
	Christian Social Practice
	Philosophy
	Protestant Theology
	Systematic and Practical Theology
	Факультет социальных наук
	Balkan, Eurasian and Central European Studies
	Central and East European Studies
	Central European Comparative Studies

Список специальностей - обучение в гос. вузах на английском языке

	East European Studies
	Economics
	Economics and Finance
	European Studies
	Geopolitical Studies
	International Economic and Political Studies
	International Relations
	Political Science
	Public and Social Policy
	Sociology
	Фармацевтический факультет
	Bioanalytical Chemistry
	Bioorganic Chemistry
	Clinical Pharmacy
	Gerontopharmacy
	Pathobiochemistry and Xenobiochemistry
	Pharmaceutical Analysis
	Pharmaceutical Chemistry
	Pharmaceutical Technology
	Pharmacognosy
	Pharmacology and Toxicology
	Social Pharmacy
	Toxicology of Natural Products
	Гуситский теологический факультет
	Hussitische Theologie
	Математико-физический факультет
	Applied Physics
	Biophysics and Chemical Physics
	Biophysics, Chemical and Macromolecular Physics
	Computer Science
	Discrete Models and Algorithms
	Econometry and Operational Research
	Financial and Insurance Mathematics
	General Physics
	General Questions of Mathematics and Information Science
	Geometry, Topology, Global Analysis and General Structures
	Geophysics
	Meteorology and Climatology
	Nuclear and Subnuclear Physics
	Nuclear Physics
	Numerical and Computational Mathematics
	Optics and Optoelectronics
	Physics Education and General Problems of Physics
	Physics of Condensed and Macromolecular Matter
	Physics of Condensed Matter and Materials Research
	Physics of Nanostructures

Список специальностей - обучение в гос. вузах на английском языке

	Physics of Plasma and Ionized Media
	Physics of Surfaces and Interfaces
	Physics of Surfaces and Ionized Media
	Probability and Mathematical Statistics
	Probability, Mathematical Statistics and Econometry
	Quantum Optics and Optoelectronics
	Scientific and Technical Calculations
	Software Systems
	Subnuclear Physics
	Theoretical Computer Science
	Theoretical Physics
	Theoretical Physics, Astronomy and Astrophysics
	Training Teachers of Computer Science and Mathematics at Higher Secondary Schools
	Training Teachers of Computer Science at Higher Secondary Schools
	Training Teachers of Computer Science at Higher Secondary Schools in Combination with Professional Computer Science
	Training Teachers of Mathematics and Computer Science at Higher Secondary Schools
	Training Teachers of Mathematics and Descriptive Geometry at Higher Secondary Schools
	Training Teachers of Mathematics and Physics at Higher Secondary Schools
	Training Teachers of Mathematics at Higher Secondary Schools
	Training Teachers of Mathematics at Higher Secondary Schools in Combination with Professional Mathematics
	Training Teachers of Physics and Mathematics at Higher Secondary Schools
	Training Teachers of Physics and Mathematics at Lower Secondary Schools
	Training Teachers of Physics at Higher Secondary Schools
	Training Teachers of Physics at Higher Secondary Schools in Combination with Professional Physics
	Юридический факультет
	Administrative Law and Administrative Science
	Business Law
	Civil Law (Civil Procedure, Family Law, Intellectual Property Law)
	Constitutional Law and Politics
	Criminal Law, Criminology and Criminalistics
	Employment Law and Social Security Law
	Environmental Law
	European Law
	Financial Law and Politics

Список специальностей - обучение в гос. вузах на английском языке

	History of Law and Roman Law
	International Law
	Law
	Private International Law and International Trade Law
	Theory, Philosophy and Sociology of Law
Университет сельского и лесного хозяйства им. Менделя в Брно	Агрономический факультет
	Agricultural Chemistry
	General Agriculture
	Horse Breeding and Rural Tourism
	Molecular and Cell Biology and Genetics of Animals
	Plant Anatomy and Physiology
	Факультет бизнеса и экономики
	Business Economics and Management
	Economics of Agriculture and Food Industry
	European Studies in Business and Economics
	Public Administration
	Факультет регионального развития и международных исследований
	International Development Studies
	Regional Development
	Факультет лесного хозяйства и деревообрабатывающей технологии
	European Forestry
	Факультет садового дела
	Fruit Science
	Horticulture
Университет им. Томаша Бати в Злине	Факультет прикладной информатики
	Automatic Control and Informatics
	Engineering Informatics
	Information and Control Technologies
	Integrated Systems in Buildings
	Факультет менеджмента и экономики
	Economics and Management
	Finance
	Management and Economics
	Management and Marketing
	Технологический факультет
	Environmental Protection Engineering
	Food Technology
	Footwear Health and Engineering
	Chemistry and Materials Technology
	Logistika a management
	Material Engineering
	Polymers Engineering
	Tools and Processes
	Гуманитарный факультет

Список специальностей - обучение в гос. вузах на английском языке

	English for Business Administration
	Факультет мультимедийных коммуникаций
	Marketing Communications
	Multimedia and Design
Химико-технологический институт в Праге	Факультет химической технологии
	Applied Informatics in Chemistry
	Fundamental and Special Inorganic Technologies
	Chemistry and Chemical Technologies
	Chemistry and Technology of Inorganic Materials
	Chemistry and Technology of Materials
	Informatics and Chemistry
	Inorganic Chemistry
	Inorganic Non-metallic Materials
	Inorganic Technology
	Macromolecular Chemistry
	Materials Engineering
	Materials for Electronics
	Metallic Materials
	Metallurgy
	Organic Chemistry
	Organic Technology
	Polymeric Materials
	Technology for Organic Compounds and Chemical Specialties
	Technology of Macromolecular Compound
	Факультет пищевой и биохимической технологии
	Biochemistry
	Biochemistry and Biotechnology
	Biotechnology
	Food Chemistry and Analysis
	Food Preservation and Meat Technology
	Food Technology
	General and Applied Biochemistry
	Microbiology
	Organic Chemistry
	Факультет химической технологии
	Analytical Chemistry
	Analytical Chemistry and Quality Engineering
	Engineering Informatics and Process Control
	Chemical Engineering
	Chemical Engineering, Bioengineering and Mathematical Modelling of Processes
	Molecular Engineering
	Physical Chemistry
	Process Engineering, Informatics and Management
	Факультет технологии охраны окружающей среды
	Chemical Processing of Fuels and Energetics
	Physicochemical Processes in Power Engineering

Список специальностей - обучение в гос. вузах на английском языке

Чешский аграрный университет в Праге	Факультет агробиологии, продовольствия и природных ресурсов
	Agricultural and Forestry Phytopathology and Plant Protection
	Agricultural Chemistry
	Exploitation and Conservation of Natural Resources
	General Animal Science
	General Crop Science
	Natural Resources and Environment
	Sustainable Use of Natural Resources
	Факультет лесного хозяйства и деревообрабатывающей технологии
	Forestry, Water and Landscape Management
	Game Management
	Silviculture
	Tropical Forestry and Agroforestry
	Экологический факультет
	Applied and Landscape Ecology
	Ecology
	Environmental Modelling
	Land and Water Management
	Nature Conservation
	Water Regime Improvement in Landscape
	Факультет бизнеса и экономики
	Agricultural Economics and Management
	Economics and Management
	European Agrarian Management
	Informatics
	Information Management
	Management
	Regional and Social Development
	Sector Economics and Economics of Enterprise
	System Engineering
	Технический факультет
	Engineering of Agricultural Technological Systems
	Technology and Environmental Engineering
	Институт тропиков и субтропиков
	Animal and Food Science in Tropics and Subtropics
	International Economic Development
	Sustainable Rural Development in the Tropics and Subtropics
	Tropical Crop Management and Ecology
	Tropical Forestry and Agroforestry
	Wildlife Management in the Tropics and Subtropics
Юго-чешский университет в Чешских Будейовицах	Экономический факультет
	Management of Regional Development
	Философский факультет
	Tschechische Geschichte
	Природоведческий факультет

Список специальностей - обучение в гос. вузах на английском языке

	Bioinformatics
	Biological Chemistry
	Ecology
	Ecosystem Biology
	Entomology
	Molecular and Cell Biology and Genetics
	Parasitology
	Physiology and Developmental Biology
	Zoology
	Медицинско-социальный факультет
	Health and Social Care Management
	Nurse
	Факультет рыболовства и охраны водных ресурсов
	Aquaculture
	Fishery
	Аграрный факультет
	Aquaculture
Масариков университет в Брно	Экономико-административный факультет
	Business Economy and Management
	Business Management
	Economic Information Systems
	Economic Policy
	Economic Policy and International Relations
	Economics
	Economics in Transformation
	Finance
	Finance and Law
	Financial Management
	Public Economics
	Public Economics and Administration
	Public Economy
	Regional Development and Administration
	Факультет социальных исследований
	Developmental psychology
	Energy Security Studies
	Environmental Humanities
	European Politics
	European Studies
	General psychology
	International Relations
	Political Science
	Social Policy and Social Work
	Social psychology
	Social Representation and Communication
	Sociology

Список специальностей - обучение в гос. вузах на английском языке

	Философский факультет
	Musicology
	General Theory and History of Arts and Culture
	Педагогический факультет
	Lower Secondary School and Language School Teacher Training in English Language and Literature
	Lower Secondary School Teacher Training in English Language and Literature
	Lower Secondary School Teacher Training in English Language and Literature
	Lower Secondary School Teacher Training in Special Education
	Lower Secondary School Teacher Training in Special Education
	Special Education
	Природоведческий факультет
	Algebra, Number Theory and Mathematical Logic
	Analytical Biochemistry
	Analytical Chemistry
	Animal Physiology
	Anthropology
	Biochemistry
	Biomolecular Chemistry
	Biophysics
	Botany
	Cartography, Geoinformatics and Remote Sensing
	Condensed Matter Physics
	Ecology
	Ecotoxicology
	Environmental Chemistry
	General and Molecular Genetics
	General Physics
	General Problems of Mathematics
	Genomics and Proteomics
	Geological Science
	Geometry, Topology and Global Analysis
	Hydrobiology
	Inorganic Chemistry
	Macromolecular Chemistry
	Materials Chemistry
	Mathematical Analysis
	Mechanical Behavior of Materials
	Microbiology
	Molecular and Cellular Biology
	Organic Chemistry
	Parasitology
	Physical Geography

Список специальностей - обучение в гос. вузах на английском языке

	Physical Chemistry
	Plant Anatomy and Physiology
	Plazma Physics
	Probability, Statistic and Mathematical Modeling
	Regional Geography and Regional Development
	Theoretical Psysics and Astrophysics
	Wave and Partical Optics
	Zoology
	Факультет информатики
	Informatics
	Computer Systems and Technologies
	Embedded Systems
	Service Science, Management, and Engineering
	Факультет спортивных исследований
	Kinathropology
	Медицинский факультет
	Anatomy, Histology and Embryology
	Anesthesiology, Intensive Care Medicine and Pain Management
	Dentistry
	Dermatovenereology
	Gyneacology and Obstetrics
	Hygiene, Preventive Medicine, Epidemiology
	Internal Diseases
	Medical biology
	Medical Biophysics
	Medical Chemistry and Biochemistry
	Medical Microbiology and Immunology
	Medical Pharmacology
	Neurology
	Oncology
	Ophthalmology
	Otorhinolaryngology
	Pediatrics
	Physiology and Pathological Physiology
	Psychiatry
	Radiology-Imaging Methods
	Social Medicine
	Surgery
	Neuroscience
	Юридический факультет
	International and European Law
	International Private Law
Остравский университет в Остраве	Факультет социальных исследований
	Social Work
	Медицинский факультет
	General Nurse

Список специальностей - обучение в гос. вузах на английском языке

	Physiotherapy
	Social Work
	Педагогический факультет
	Applied Algebra
	Computer Modelling in Physics and Mechanics
	Fuzzy Modelling
Слезский университет в Опаве	Торгово-предпринимательский факультет
	Business Economics and Management
	Business Economics in Trade and Services
	Corporate Finance
	Marketing and Management
Технический университет в Либерци	Экономический факультет
	Economics and Informatics
	Information and Communication Management
	Текстильный факультет
	Chemical Textile Technology
	Mechanical Textile Technology
	Non-wovens
	Product Management
	Quality Management
	Technology and Control of Clothing Production
	Textile and Clothing Technology
	Textile Engineering
	Textile Marketing
	Textile Materials and Testing
	Textile Materials Engineering
	Textile Technics
	Факультет мехатроники, информатики и междисциплинарных исследований
	Engineering of Interactive Systems
	Mechatronics
	Машиностроительный факультет
	Applied Mechanics
	Engineering Technology
	Environmental Health and Safety Risk Management
	Innovation Engineering
	Machines and Equipment Design
	Manufacturing Systems and Processes
	Material Engineering
Университет Градец Кралове	Факультет информатики и менеджмента
	Applied Informatics
	Information and Knowledge Management
	Information Management
Университет им. Яна Евангелисы Пуркине в Усти над Лабем	Педагогический факультет
	Piano Playing
	Факультет прикладного искусства и дизайна
	Photography

Список специальностей - обучение в гос. вузах на английском языке

Университет им. Палацкого в Оломоуци	Природоведческий факультет
	Computer Methods in Science and Technology
	Медицинский факультет
	Anatomy, Histology and Embryology
	Imaging Methods
	Internal Medicine
	Medical Biology
	Medical Biophysics
	Medical Genetics
	Medical Chemistry and Biochemistry
	Medical Immunology
	Medical Microbiology
	Medical Pharmacology
	Neurology
	Oncology
	Otorhinolaryngology
	Pathological Anatomy and Forensic Medicine
	Pediatrics
	Physiology and Pathological Physiology
	Psychiatry
	Stomatology
	Surgery
	Urology
	Dentistry
	Факультет физической культуры
	Adapted Physical Activity
	Kinanthropology
	Философский факультет
	Euroculture
	European Studies and International Relations
	Political Science
	Political Science and European Studies
	Педагогический факультет

	Special Education
	Природоведческий факультет
	Algebra and Geometry
	Analytical chemistry
	Applied Mathematics
	Applied Physics
	Biochemistry
	Biophysics
	Computer Science
	Ecology
	General Physics and Mathematical Physics

Список специальностей - обучение в гос. вузах на английском языке

	Geoinformatics and Cartography
	Global Analysis and Mathematical Physics
	Inorganic Chemistry
	International Development Studies
	Mathematical Analysis
	Molecular and Cell Biology
	Optics and Optoelectronics
	Organic Chemistry
	Physical Chemistry
Университет Пардубице	Транспортный факультет Яна Пернера
	Applied Informatics
	Technology and Management in Transport and Telecommunications
	Transport Means
	Transport Means and Infrastructure
	Факультет электротехники и информатики
	Information, Communication and Control Technologies
	Факультет химических технологий
	Environmental Engineering
	Chemical Engineering
	Chemistry and Technology of Inorganic Materials
	Inorganic Chemistry
	Inorganic Technology
	Management and Business Economics
	Organic Chemistry
	Organic Technology
	Surface Engineering
	Technology of Macromolecular Compounds
	Факультет экономики и управления
	Informatics within Public Administration
	Regional and Information Management
	Regional and Public Administration
Экономический институт в Праге	Факультет финансов и бухгалтерии
	Finance and Accounting for Common Europe
	Accountancy and Financial Management
	Finance
	Факультет менеджмента
	Management
	Факультет экономики предприятия
	Arts Management
	Business Economics and Management
	Economics
	Entrepreneurship and Management in Industry
	International Management
	Факультет информатики и статистики
	Econometrics and Operation Research
	Informatics

Список специальностей - обучение в гос. вузах на английском языке

	Statistics
	Факультет международных отношений
	Economics of International Trade and European Integration
	European Studie
	International and Diplomatic Studies
	International Business
	Факультет государственной экономики
	Economic Analysis
	Economic and Regional Studies of Latin America
	Economic Policy
	Economic Theory
	Environmental Economics and Administration
	Regional Science - Public Administration
	Regional Studies
Западно-чешский университет в Плзни	Факультет прикладных наук
	Applied Mathematics
	Applied Physics and Physical Engineering
	Computations and Design
	Computer Engineering
	Computer Graphics and Computer Systems
	Computer Modelling
	Computer Science and Engineering
	Cybernetics
	Cybernetics and Control Engineering
	Distributed Systems and Computer Networks
	General Mathematics
	Geomatics
	Intelligent Computer Systems
	Mathematical Engineering
	Mathematics
	Mathematics and Business Studies
	Mathematics and Management
	Mathematics for Science
	Mechanics
	Plasma Physics and Physics of Thin Films
	Scientific Computing and Modelling
	Software Engineering
	Training Teachers of Mathematics at Higher Secondary Schools
	Философский факультет
	European Studies
	Political Science
	Электротехнический факультет
	Electric Power Engineering
	Electrical Engineering
	Electronics
	Машиностроительный факультет
	Engineering

Список специальностей - обучение в гос. вузах на английском языке

	Mechanical Engineering
	Design of Machines and Equipment
	Design of Power Machines and Equipment
	Material Engineering and Engineering Metallurgy
	Medical Technique Design
	Nuclear Power Equipment Design
	Technology of Metal Cutting
	Thermomechanics and Fluid Mechanics
	Transport Vehicles and Handling Machinery
Академия музыкальных искусств в Праге	Театральный факультет
	Arts Management
	Authorial Acting
	Directing of Alternative and Puppet Theatre
	Directing of Dramatic Theatre
	Stage Design
	Stage Design in Alternative and Puppet Theatre
	Музыкальный и танцевальный факультет
	Bassoon
	Cello
	Clarinet
	Composition
	Conducting
	Dance Education
	Dance Theory
	Double Bass
	Flute
	French Horn
	Guitar
	Harp
	Harpsichord
	Chamber Music
	Choreography
	Nonverbal and Comedy Theater
	Oboe
	Opera Direction
	Organ
	Percussion Instruments
	Piano
	Sound Productio
	Trombone
	Trumpet
	Tuba
	Viola
	Violin
	Voice
	Факультет телевидения и кинематографии

Список специальностей - обучение в гос. вузах на английском языке

	Cinema and Digital Media
	Photography
Яначкова академия музыкальных искусств в Брно	Музыкальный факультет
	Clarinet
	Double Bass
	Flute
	French Horn
	Guitar
	Harpsichord
	Interpretation and Theory of Interpretation
	Musicproduction
	Organ
	Percussion Instrument
	Piano
	Trombone
	Viola
	Violin
	Violoncello
Ветеринарный и фармацевтический университет в Брно	Факультет ветеринарной гигиены и экологии
	Diseases of Wild and ZOO Animals
	Food Hygiene and Processing Technology
	Food Safety and Quality
	Nutrition and Dietetics of Farm Animals and Hygiene of Plant Origin
	Veterinary Biochemistry, Chemistry and Biophysics
	Veterinary Ecology
	Veterinary Hygiene and Ecology
	Veterinary Public Health and Animal Protection
	Veterinary Toxicology and Toxicology of Foodstuff
	Фармацевтический факультет
	Pharmacy
	Факультет ветеринарной медицины
	Avian and Exotic Animal Diseases
	Dogs and Cats Diseases
	Infectious Diseases and Veterinary Epidemiology
	Veterinary Microbiology and Immunology
	Veterinary Parasitology
Институт прикладного искусства в Праге	Visual Arts
